Dear Friend,

I have had some time to reflect on the Moslem response to the speech by Pope Benedict on September 12, and it is clear that most people have no idea just how truly irrational that response has been. This is partly because they have no idea what the Pope actually said. Not very many people will take the time to search out the speech. Most would have no idea where to look, and the news media have been little help.

The craziness greatly resembled the response to some cartoons that appeared earlier in the Danish press. I heard a gentleman last night, talking about the suicide bombers, calling it a national neurosis. It goes much further than that. There is a collective insanity that grips all too many Arab societies, and pervades those nations which have converted to the religion of the Arabs – Islam. It is exactly as the Angel said to the Arab's first mother, Hagar: "Now you have conceived and shall bear a son; you shall call him Ishmael, for the LORD has given heed to your affliction. He shall be a wild ass of a man, with his hand against everyone, and everyone's hand against him; and he shall live at odds with all his kin" (Genesis 16:11-12 NRSV).

No clearer description could have been offered, and whatever you may think about biblical prophecy, this is one that has certainly been true. I would tell you more, but my time and space is limited right now. We have just completed a major expansion in radio coverage, and I want to include information on all our new stations with this letter. And we are rushing to get out of town for the Feast of Tabernacles. So please request a new program titled, *Islam and the Age of Reason*. Just check the box on the enclosed card, tell us whether you prefer a tape or CD, and rush it back to us. The program is *FREE* of charge, but your contribution will help us continue our expansion in radio.

We want you to have this important program, and the sooner the better.

Keeping the Word going out,

Ronald L. Dart

PS. As always, this tape or CD is *FREE*, but we would like to continue expanding radio coverage of the *Born to Win* program to other areas and hope that you will help us do that. Anything you can give so others may hear these timely, insightful messages, will be greatly appreciated.
